

A letter about how I'm feeling

Instructions:

- This simple worksheet may help your pupils to express their feelings and understand what may have triggered them. It could be used for children in school or sent to those who are still at home.
- The template could be used with individual pupils or small groups and is a good starting point for discussions.
- It's important not to ask children to share these with others unless they want to. Some of their writing may be personal and private.
- Be aware that if a child discloses safeguarding issues during this activity, you should follow your school's normal safeguarding procedures and you should make sure that you tell the child involved who you need to talk to and what will happen next.

Here is a word bank to help you fill this in
